

# CS4341 Project1

## 2.1.1 How big should a team be?

- We have a team of 5 people
- Team members:
  - Yiwei Ding, Sam Ofiaza, Wonjin Choi, Syed Qaddri and Brendan Anderson.

## 2.1.2 How will the team function?

- Our team will be using both GitHub and Discord, and we will meet once a week to keep track of each other.

## 2.2.1 The Cohort Name

- Name: Cohort X

## 2.2.2 The Cohort Description

- X usually means unknown in the game world. It shows our determination of solving those unknown questions/bugs from the project.

## 2.3.1 Choice of a Project Topic and Why

- We are going to build a simple calculator. A calculator is basic enough to break down and will help us fully understand the minimum functionality of the ALU.
